

## DRAFT MANAGEMENT PLAN UPDATE PROCESS SCHEDULE

February 20, 2015

**Notes:**

- 1. Start to Finish in Three Years. Scope is an update, NOT a complete re-write (product will be a shorter document that has the needed updates in it). We will also be doing some needed regulatory changes too (mostly tweaks to existing rules).**
- 2. Overview: Year 1: Review/Analysis& Scoping; Year 2: Writing/Working Groups; Year 3: Finalizing. All done by Winter 2018 - is the goal.**
- 3. The Working Group/staff writing process and the NEPA/regulatory work will take the most time.**

Jan 2015-April 2015	Internal review of action plans/produce status report; identify <u>major</u> update needs; finalize detailed update process (March). Condition Report Update (April); Start work on known regulatory changes. Feb SAC Mtg: general process schedule; April SAC: detailed process schedule and implementation status report.
